

## THIRTEEN SURVIVORS ARE ACCOUNTED FOR

Twenty Five Men Are Known  
to Have Perished When Oil  
Steamer Oklahoma Sank

### STORY OF HEROIC RESCUES

Officers of Booth Liner Gregory Drag Five  
Shipwrecked Sailors Out of the Sea  
at the Risk of Their Own Lives

### BOAT LOAD OF NINETEEN IS LOST

**BULLETIN.**  
BOSTON, Jan. 7.—Captain Alfred Gunter and seven other officers and men of the Oil Tank Steamer Oklahoma arrived here early this morning on the Hamburg-American Liner Bavaria from Philadelphia which had rescued them from their stricken craft off Sandy Hook Monday morning.

The story which they told contained little to explain the breaking in two of the vessel. There was no explosion, Captain Gunter declared. He could advance no definite theory as to the cause of the buckling.

NEW YORK, Jan. 6.—Thirteen survivors were accounted for tonight out of the thirty eight men aboard the Tank Steamer Oklahoma, when she broke in two last Sunday, a storm off Barnegat.

Another story of heroic rescue was written beside the tale told by the wireless that brought the first news of the disaster. Until the Booth Liner Gregory, fresh from a voyage 2,000 miles up the Amazon steamed into port today the eight men taken off the Oklahoma by the Steamship Bavaria were believed to be the only ones saved but the Gregory had five more of the shipwrecked crew that her officers had dragged out of the sea at the risk of their own lives. So the Oklahoma's death list stood at twenty five tonight and although her owners swept the sea with wireless messages, imploring all vessels to look out for one of the steamer's boats that might still be afloat there was little hope that more of the crew would be saved.

Was Boat Sighted by Seneca.  
What little hope remained was based on the fact that the men brought to port by the Gregory said another lifeboat besides theirs had been launched from the sinking steamer. There was little doubt, however, that this was the boat sighted by the Revenue Cutter Seneca, with three frozen bodies under its thwart. The other boat which carried the five survivors within reach of the Gregory, contained but one body when it was cast adrift after the rescue. Of the Oklahoma's crew of thirty-eight, eleven manned the boat that reached the Gregory, nineteen took to the other boat and eight stayed aboard, to be saved by the Bavaria. Of the larger boat load, probably all are lost. Of the eleven in the smaller boat six were drowned when the boat capsized barely a hundred yards away from the side of the Booth Liner.

Men Fail to Obey Orders.  
The Gregory sighted the Oklahoma's lifeboat at 1:20 p. m. Sunday. The numb sailors had hoisted a sail which enabled them to keep their craft from being overwhelmed by the gigantic seas.

"Keep that sail up," bellowed Captain Aspinwall as soon as he came within hailing distance. But the shipwrecked men failed to obey. They dropped their sail and their boat immediately lost its steerage-way and turned over. Then one after the other, the three chief officers of the Gregory, without waiting to throw off pea-jackets or boots plunged over the side. They were followed by Officer R. H. Buck, Second Officer J. R. Williams and Third Officer F. D. Roberts, all young Englishmen. Buck who has a medal given by the King of Greece for a rescue he made nine years ago in the Bay of Biscay, knew what it meant to breast a storm-beaten sea and he tied to himself a line. The others took no lines and all but the penalty with their lives. Each officer seized a struggling sailor and brought him to the ship's side to be hauled aboard, then went back to where the lifeboat was floating bottom-side-up and rescued three more. The first man hauled aboard from the arms of Williams died on the deck. The other five were kept alive after hard work by surgeon and crew.

Swimmer is Not Saved.  
One man was seen swimming near the ship. Captain Aspinwall heaved him a life-bouy at the end of a line. The man had it in his grasp when a great wave heeled the ship over and when it swung back the man had disappeared. The lifeboat then righted itself and as it floated past, the crew of the Gregory saw a man jammed under the seats. Officer Buck wanted to jump in after him but his captain held him back, for the boat had been so long upsidedown that the sailor could not possibly have lived. Nothing was seen of the other four members of the boat's crew after the boat capsized.

When the agents of the Booth Line were sent a report of the rescue to the home office in Liverpool

## ORDERS SUSPENSION OF RATE INCREASE

PROPOSED RATE ON GRAIN SHIPMENTS  
SUSPENDED UNTIL FEB.

Hearing Before Public Utilities Commission Will Be Held to Decide Whether the Proposed Increases in Freight Rates on Grain Shipments Shall Be Allowed to Go Into Effect.

SPRINGFIELD, Ill., Jan. 6.—A suspension of the proposed one-cent increase in freight rates on grain shipments within the state of Illinois was today ordered by the Illinois Public Utilities Commission. The order was entered in the case of the railroad and warehouse commission ex rel The Farmers Illinois Grain Dealers' vs. the Atchison, Topeka & Santa Fe railroad.

The rate was ordered suspended until February at which time a hearing will be had as to whether the rate shall be allowed to go into effect.

Some months ago, a new tariff on grain shipments was announced by the railroads, affecting both interstate and intra-state shipments. The interstate commerce commission suspended the rate and the Illinois commission followed suit. Later the interstate commission entered an order allowing the rate to become effective January 8. The hearing today was for the purpose of presenting arguments for a further suspension of the rate until a full hearing can be had, the general opinion being that the state commission would follow the lead of the interstate commerce commission and allow the new rate to become effective.

### First Public Utility Case

The first public utility case to come before the new commission is that of the city of Peoria vs. The Peoria Water Works company. A petition was filed by Mayor Woodruff and Corporation Counsel R. H. Radley asking that the waterworks company be compelled to install meters in compliance with the terms of an ordinance passed twenty-four years ago and which has never been obeyed, according to the complainants. The city also seeks to compel the waterworks company to build a second main from the pumping station to the city and also to build several miles of new mains. A large number of cases, most of them inherited from the administration of the now defunct railroad and warehouse commission were heard during the day. Indications at the end of the first day's work of the new commission are that it will be necessary for the commission to spend much more time in session in this city than the two meetings a month at first decided upon.

The commission entered an order directing that affidavits be filed in the case of the railroad and warehouse commission ex rel The Corn Products Refining company of East St. Louis vs. The Wabash, Chicago & Alton and the Illinois Central railroad companies. A complaint was made that the roads discriminated in rates against East St. Louis shippers and in favor of St. Louis.

### HAVE YOU GOT YOUR \$35.11?

Treasury Estimates Population of U. S. at 98,181,000 and Circulation Per Capita is \$35.11.

Washington, Jan. 6.—The general stock of money in the United States at January 2nd, 1914, amounted to \$3,775,464,096 which is about \$8,000,000 more than on Dec. 1st, 1913, according to the treasury's monthly statement, out today. Of this amount nearly \$2,000,000,000 was in gold coin, including bullion in the treasury; about \$757,000,000 was in national bank notes and about \$565,000,000 in silver dollars. The treasury estimates the population of the Continental United States at 98,181,000 and says the circulation per capita was \$35.11.

### CHANCE SIGNS VETERAN COACH TO HANDLE YANKEE PITCHERS

NEW YORK, Jan. 6.—Frank Chance has been looking for a veteran coach to handle the New York American league club's pitchers this year and tonight the acquisition of Thomas P. Daly, at one time a leading National league catcher, was announced. Daly was signed by President Farrell today on Chance's recommendation and he will go to Houston, Texas, to assume his duties on March 1.

Daly became famous as a catcher under Anson who signed him in 1889. He caught John K. Trent's curves in those days and also made the trip around the world with the Chicago team.

tonight, they recommended Buck, Williams and Roberts for promotion.

John Kosich, the Oklahoma's mess boy, a husky Norwegian, said that he and his ten shipmates in the lifeboat that reached the Gregory saw the other boat put off from the opposite side of tank steamer. "That boat," he said, "had almost twice as many in her as ours. I don't believe anybody was caught below. We watched the other boat until it was a speck in the distance and it seemed to be getting along all right."

Captain Loring A. Cates, a Boston skipper, formerly in command of the tank Steamer Ligonier and a passenger on the Oklahoma, commanded the other lifeboat, Kosich said.

## GOVERNOR FERRIS SPENDS BUSY DAY

EXECUTIVE GAINS MUCH FIRST HAND  
INFORMATION OF CONDITIONS

From Sheriffs and Attorneys the Governor Gets Reliable Information Regarding the Number of County and Company Deputies and "Gunmen" Used in Strike Zone.

HOUGHTON, Mich., Jan. 6.—Governor Woodbridge N. Ferris of Michigan gained much first hand information today regarding the strike which has been in progress in the northernmost portion of his state for more than five months. Especially did the governor learn about the number of county and company deputies in the strike zone and the extent to which so-called "gunmen" have been used or are being used in the strike zone.

The governor obtained this information from the sheriffs, prosecuting attorneys and supervisors of the two counties affected by the industrial dispute. At the conclusion of his sessions with these officials he impressed upon them that they must work together in maintaining law and order and in protecting life and property.

Twice the governor referred to the Moyer deportation in public and it was learned that he also took occasion to deplore its effects at practically every conference in private with delegations of business men and others who were unwilling to air their views in the presence of newspaper reporters.

### Questions Posed

Tonight the governor questioned Anthony Lucas, prosecutor of Houghton county and Judge P. H. O'Brien of the circuit court, who came from Lansing in an adjoining county where they have been holding court on jurisdiction on changes of venue.

Two cases were disposed of there today, one defendant pleading guilty and being sentenced to sixty days in jail and another being acquitted after a jury trial. The charges were carrying concealed weapons and intimidation.

Governor Ferris found an interesting field for inquiry in the Keweenaw county situation. Normally the three big mines there employ some 2,000 men and he was told that 95 per cent of the population in the Mohawk, Ahouise and Apmeek locations were members of the Western Federation of Miners. Troops were sent into the county last summer and a company still is on duty there.

The governor learned that in both counties about 60 former national guardsmen are employed as mounted police. Most of these men, he was informed, came from Detroit and he expressed the opinion that their retention here was a mistake.

### Nichols Joins Conference

George Nichols, the special prosecutor in charge of grand jury work, joined the conference tonight and with Prosecutor Lucas and Judge O'Brien gave the inquisitorial body a clean bill of health so far as its ability was concerned. The judge thought it improper to go very far behind the record in the case and relied upon it to prove that he had tested the qualifications of the men.

Mr. Nichols speaking as a stranger to the copper country said he had never seen a seemingly fair or more intelligent lot of grand jurors.

He answered criticism of its speed by a statement that the inquiry in which it is engaged is the most extensive in the history of Michigan and perhaps equals in magnitude any similar affair in the country.

The prosecutor explained that he knew only five of the twenty three grand jurors and excused himself from discussing them after Governor Ferris had read the list of names. He added the governor in emphasizing that names of one hundred men had been placed in the grand jury box nearly three months before the strike was called and that selection of these names had no relation to any industrial situation. Judge O'Brien remembered that at least nine of the jurors admitted membership in the Citizens' Alliance. He replied to a question that so far as he remembered, none of them belonged to the Western Federation of Miners. He was convinced of the ability of the men and said the present was no time to judge them. In a general statement Prosecutor Lucas accused imported officers of gross brutality towards prisoners. He said he had discovered several cases in which men were badly beaten without good cause and said the practice was stopped only by his threat to arrest some of the "gunmen."

The governor touched upon the Italian hall disaster of Christmas Eve and heard a lengthy explanation of the coroner's procedure. He laid stress upon the jury's findings, especially the portion exonerating the Citizens' Alliance of any blame in the affair.

Then he turned to the National guard and sought information regarding the charges made last summer by John B. Walker, president of the United Mine Workers of Illinois that the soldiers had been guilty of immorality assaults on children and indiscriminate shooting. The allegations were denied by every man questioned.

At the conclusion of the hearing the governor said he had spent a very "satisfactory evening." He announced that tomorrow's conference with union representatives had been postponed until afternoon and there was no set program for the morning.

## REBEL FORCES AWAIT VILLA'S COMMAND

Rebels Scattered In Three Divisions  
Are Waiting to Learn  
Villa's Next Order

### MUST ROUT FEDS IN NORTH

Rebel Commander's Position Is That So  
Long as Federals Remain In the North He  
Cannot Continue His Southern Campaign

### FEDERAL FORCES FORTIFY OJINAGA

PRESIDIO, Texas, Jan. 6.—Scattered over the hills and westward along the Rio Grande the rebel forces waited tonight to learn whether General Francisco Villa would re-unite them and in person lead another attack on the Mexican federal army at Ojinaga, Mexico, opposite here. The rebels who withdrew from the outskirts of the federal fortification after six days of fighting, are in three divisions.

The rebel army combined is said to be in such numbers as to promise a formidable front to the last vestige of Huerta's northern military government which, after its retreat from Chihuahua, is making a stand on General Villa's position is that so long as the federals remain in the north he cannot continue his campaign toward Mexico City.

Meantime while the rebels are waiting, the federal army has thrown out defenses against a sudden storming at Ojinaga. The outposts have been extended along the road to Chihuahua over which rebel reinforcements must come and are commanded by General Salazar's federal volunteers. Should the Villa army succeed in breaking down the outer defenses and regain their positions at the foot of the table land in which the village stands, there still would remain the high approaches up which the rebels would have to climb in the face of the federal guns.

Ojinaga, used as a natural fort in pioneer days, while flat on top rises sheer out of the surrounding desert and stands in a valley between mountains. Federal reinforcements were reported enroute from Jimenez but have not come within sight.

### Lind Returns to Vera Cruz

Vera Cruz, Jan. 6.—John Lind returned here on the Scout Cruiser Chester this afternoon. He came ashore with some difficulty owing to the heavy seas the cruiser anchoring off the port.

Mr. Lind said he was much pleased at having had a personal interview with President Wilson but added that it was impossible to give the slightest indication of the character of the conference of the conclusion arrived at. Nor would he say what was the probable duration of his stay in Mexico.

### Get Common Understanding

Washington, Jan. 6.—Frequent exchanges and conferences between the ambassadors and ministers in Washington are tending to unite them upon a line of conduct regarding Mexico which, while conforming to plans of the United States involves an understanding as to obligations the American government will be expected to assume as the result of non-interference by foreign powers.

So far this common understanding has not taken the form of direct pressure, but the state department is kept informed through the medium of individual representations and in conversations, dealing broadly with the Mexican trouble, of the expectations of the European powers. Generally these relate to the protection of the vast financial interests which citizens and subjects of the powers have in Mexico no disposition being exhibited of an intention to bring in the political side of the question. In fact more than one of the diplomatic representatives here has informed the department that his own government was interested in preventing loss of large material interests to its citizens and beyond that did not care what the United States did in Mexico so long as it was informed in time of what was to be done so that it might take proper precautions for the protection of the lives of its citizens.

Ernest R. Bicknell of the Red Cross is enroute tonight to Laredo, Texas, from Houston to investigate conditions among Mexican sick and wounded soldiers who have been brought to that point from Nuevo Laredo across the Rio Grande.

### DIES OF HEART FAILURE JUST BEFORE HIS MARRIAGE

QUINCY, Ill., Jan. 6.—A few hours before his marriage ceremony, Geor Tait, son of J. L. Tait, of Victoria, B. C. dropped dead from heart trouble today on a downtown business street. He had been in Quincy three weeks and was doing special work on the Quincy papers. Tait was to wed Miss Cora Smith, a canvasser who lately arrived in Quincy. His trip to Quincy was mysterious and a telegram was received tonight that his father would arrive and take charge of the body. The elder Tait is the owner of a transfer company and publisher of a newspaper in Victoria. Tait was traveling under the name of James Holister.

## MOST OF PLAYER'S DEMANDS GRANTED

NATIONAL COMMISSION ALLOWS REQUESTS ASK FOR BY FRATERNITY

In Fifteen of their Seventeen Requests the Players Were Successful—Compromise Was Effected in Four Requests While Two Were Waived by the Fraternity.

CINCINNATI, O., Jan. 6.—With the exception of possibly two minor considerations the committee from the baseball players' fraternity which came to this city today, won every point that it requested of the seventeen asked for from the national commission and a committee from the national association of Professional Baseball Clubs.

During a session in the afternoon, eleven of the seventeen requests had been tentatively granted and at a night session that lasted almost until midnight, the players, the minor league representatives, and the national commission debated the points which were contested. In fifteen of their requests the players were practically successful. A slight compromise was effected in four requests while the fraternity players waived two requests entirely.

### Players are Satisfied

President Fultz of the baseball players' fraternity, said after the meeting tonight, "of course we would like to have left the room with the commission and the minor leagues conceding all of our requests, which we considered just. But we are perfectly satisfied. We got as much as we expected and possibly a little more. We have no complaints and we were treated royally."

Request number one which, during the afternoon session, the commission offered to compromise on by inserting the word "negotiate" instead of the word "sign" was finally conceded by the commission to read: "When a player receives ten days notice of unconditional release, he shall be free to sign with any team immediately, the contract to run from the expiration of the ten day period."

Number two request, which asked that National association "players shall receive ten days notice before they can be released unconditionally," was modified to include a five day notice of release to Class AA, and Class A, players but no notice whatever of leagues in a lower classification.

A request number three was conceded by the players' fraternity with an announcement that they would leave it to the commission to do what the latter considered equitable.

It reads: "When a player is transferred he shall be transferred subject to all terms of his contract." In request number five, the matter concerning waivers was eliminated and the rule will now read: "When a player is given his unconditional release he shall be notified in writing to that effect."

Request number seven which dealt with side agreements was amended so that no side agreements are permissible and that a club making a side agreement be fined \$500 by the national commission.

Rule number twelve which read: "If a player has been in the major or Class AA, leagues for any portion of playing season for twelve years and if at any time after the beginning of the twelfth year in such leagues desire his services he shall receive his unconditional release," was modified to read fifteen years instead of twelve.

Rule seventeen was done away with entirely but a new rule embodying the same idea will be formulated and agreed upon.

The commission will meet tomorrow morning to take up several small cases that appear on its docket. The majority of the baseball personalities in town prepared tonight to leave for their homes tomorrow morning.

### LATE JOHN JACOB ASTOR LEAVES ESTATE OF \$85,890,826

NEW YORK, Jan. 6.—The gross value of the estate of the late Colonel John Jacob Astor, one of the victims of the Titanic disaster, is \$85,890,826, according to a report of re-appraisal filed today in the surrogate's court here.

The re-appraisal which was made for the purpose of fixing the status of certain properties transferred by Col. Astor to Mrs. Astor in an anti-nuptial agreement adds another \$1,109,321 to the latter's share of the estate.

### MEN IMPLICATED IN VERNON PRIZE FIGHT FACE TRIAL TODAY

LOS ANGELES, Cal., Jan. 6.—The trial of Thomas J. McCarey, prize fight promoter and ten other men charged with violating the state law regulating boxing, will be begun here tomorrow.

The case grew out of the contest at Vernon Arena on the night of August 22nd, last in which John W. Young fought Jess Willard and died a few hours later, after surgery had performed a trephining operation in an effort to remove the blood clot on the brain which the state alleged had been caused by Willard's blows.

### RECEIVES APPOINTMENT

Springfield, Ill., Jan. 6.—Joseph P. Fortin of Chicago today was appointed a member of the state board of examiners and architects by Governor Dunne.

## SENTENCES OF LABOR LEADERS CONFIRMED

COURT OF APPEALS CONFIRMS SENTENCES OF 24 UNION OFFICIALS

Six of the Thirty Who Appealed Are Granted New Trials—Pending Final Adjudication No Attempt Will Be Made To Return To Prison Men at Liberty Under Bonds.

CHICAGO, Jan. 6.—The sentences of twenty four of the labor union officials convicted in Indianapolis of conspiracy to transport dynamite were confirmed today by the circuit court of appeals. Six of the thirty who appealed were granted new trials. They are:

Olaf A. Tviemoe, San Francisco. William McCain, Kansas City, Mo. Fred Sherman, Indianapolis, Ind. William Bernhard, Cincinnati, O. James E. Ray, Peoria, Ill. Richard H. Houlihan, Chicago.

Counsel for the twenty four with thirty days will petition the court of appeals for a re-hearing on new legal points. If that is denied they will take the case to the supreme court of the United States. Pending final adjudication it is understood that no attempt will be made by the government to return to the penitentiary those of the convicted men who are at liberty under bond.

### Conspiracy Clearly Shown

The appeal was heard by Circuit Judges Kohlsaat, Baker, and Seaman sitting as the United States court of appeals for the seventh district. The decision was read by Judge William H. Seaman. The decision declared that conspiracy clearly was shown on the part of the twenty four defendants and that challenge of the conspiracy counts of the indictments was erroneous. It declared that the distinction was maintained between the conspiracy charges and those alleging performance of the acts for which the conspiracy was formed and that the verdict could not be challenged on the ground that separate acts and a continuing conspiracy had been improperly joined in charges.

The decision stated succinctly that McManigal and Clark though co-defendants, were competent witnesses for the state. The final contention of the defendants counsel that the United States had not jurisdiction in the charges alleged was disallowed.

Counsel for the labor officials heard the decision with keen disappointment. E. N. Zoline, of the attorneys for the petitioners however, stated that he already had prepared briefs on three important points which had been overlooked in the first appeal.

### WIDOW OF ZERO MARX DIES

Chicago, Jan. 6.—Mrs. Amelia Marx, widow of Zero Marx who died a week ago, died here today just as her husband's will leaving her only a small annuity from his \$300,000 estate was filed. Mr. Marx was to receive the income during life from \$15,000. Two sons, Zero, Jr., and Walter were cut off with \$5 each and a third son Frederick was made residuary legatee.

### SUFFRAGETTE "HIKERS" EXPECT TO REACH ALBANY TODAY

"General" Jones and "Army" Near End of Tiresome Journey Bearing Petition From New York.

Albany, N. Y., Jan. 6.—"General" Jones and her suffragette "hikers" reached Ravina thirteen miles south of here tonight. With sighs of relief they dropped on couches, chairs and floors expressing gratification that the end of the journey was near.

The invading marchers today covered approximately twenty miles of rough hilly roads between Catskill and Ravina. More than once the now badly bruised feet of the General caused her great discomfort, but she plunged on determinedly. She was flanked by General Ida Craft and Colonel Martha Klatschen the only two other women who have not accepted a "lift" since leaving New York. It is expected the hikers will reach Albany about noon tomorrow. The will go direct to the capitol and present their petition for vote for women to the governor and the legislators.

## MORGAN APPEARS BEFORE COMMITTEE

Advocates Regional Bank of  
Commanding Size In District  
Which Includes New York

### APPEARANCE IS SURPRISE

Banker's Appearance Before the Committee Comes as Surprise—McAdoo and Houston Do Not Share Morgan's View

### SYSTEM TO CONTROL GOLD MOVEMENT

NEW YORK, Jan. 6.—J. P. Morgan aligned himself today with the advocates of a regional bank of commanding size in the district which is to include New York. Most of the other witnesses who appeared at today's hearing of the federal reserve organization commission shared Mr. Morgan's views, arguing for the establishment of a regional bank in this territory, which would represent forty per cent or more of the capital of the entire national system.

Secretary McAdoo of the treasury department and Secretary Houston of the department of agriculture who compose the committee intimated that they did not share this view, although both said that they had reached no decision. May of their questions bore upon the feasibility of making the regional districts more nearly equal with perhaps three banks in the northwest instead of one. Mr. Morgan's appearance before the committee was a surprise to those who were attending the hearing and the banker indicated that the invitation to give his views was something of a surprise to him, as he had not been requested to appear until shortly before the hearing.

There was a stir in the committee room when the heavy set figure of the banker appeared amid the little group of men who had assembled for the afternoon session. Explaining that he had noticed carefully the division of the country into regional districts, Mr. Morgan said he would not attempt to outline any detailed plan.

### Surprises Hearers

"I'm trying to see how the whole United States is to be handled," he explained, "that's all I'm any good for."

Mr. Morgan surprised his hearers by saying that he did not consider it important whether a regional bank was located in New York. It might as well be in Boston, he believed. He believed the important thing, he said, was to have the bank which served the New York district of sufficient size to command the respect of the business men and bankers of all countries. As to the amount of capital in this bank which many witnesses had said should be larger than that of any member bank, Mr. Morgan attached comparatively little importance to that phase of the matter.

"It isn't so much the capital," he said, "as the assets the bank represents."

"Do you think?" asked Secretary McAdoo, "that foreign banks would look at one regional bank in forming their estimate, or at the entire system of units under a co-ordinated board?"

"That depends upon the action of the co-ordinated board," Mr. Morgan replied. He said if the board could show that the system was co-ordinated, foreign bankers would feel that they were doing business with one comprehensive bank.

### Controls Gold Movement

"The real idea," he said, "is to get the most convenient arrangement to serve the whole reserve association."

Max May, vice president of the Guaranty Trust company of New York, recognized as one of the foreign exchange experts of this country was asked to what extent the foreign business of the banks should be considered in framing the new system. Mr. May said that this was a most important feature inasmuch as it involved control of the international gold movement.

"How is the movement controlled now?" asked Secretary McAdoo.

"Mostly we lock the stable after the cow is stolen," said Mr. May. "After the gold has moved out of the country the money rates go up to make them higher than in Europe, where the gold is flowing."

He said that in his opinion the new banking system would prove effective in controlling the gold movement.

### OFFICER WHO ARRESTED MCKINLEY'S SLAYER DIES

KANSAS CITY, Mo., Jan. 6.—John McCanley, who arrested Leon Czolgosz after the latter had shot President McKinley in Buffalo, N. Y., died here today.

At the time of the assassination of President McKinley, McCanley was a police sergeant in charge of seven patrolmen who were to assist president McKinley in his trip. After the assassination he was one of the first to seize Czolgosz. It was he who took the anarchist to the police station and booked him.

### REACHES SEVENTY-FIFTH MILESTONE OF LIFE

Mrs. Sarah Reeve Celebrates Birthday at Home of Son on South Main Street—Receives Many Gifts and Tokens of Esteem.

Mrs. Sarah Reeve was given a very happy surprise Tuesday at her home on South Main street, the occasion being her 75th birthday. During the afternoon and evening many neighbors and friends called to extend their good wishes and love to one who has been held in such high esteem for so many years.

Mrs. Reeve has always lived in this community and for a great many years in the Sinclair neighborhood. Twenty years ago the family moved to Jacksonville and for some time Mrs. Reeve has been making her home with her son T. B. Reeve, 1600 South Main street. Mrs. Reeve was a member of the first class to graduate from the Woman's college and she has ever heard with much joy of the success which has come to the school. She is enjoying better health now than in the last five years and yesterday she was busy entertaining the many friends and was anxious to make all thrive welcomed.

The guests began to arrive shortly after dinner and four of Mrs. Reeve's nieces had charge during the afternoon. Mrs. Ella Crouse of Murrayville; Mrs. Melinda Layton, Mrs. Jennie Fox and Mrs. Emma Ethe. In the evening, Miss Ethel Reeve had charge and during both afternoon and evening a genuine social time was enjoyed and suitable refreshments served. Mrs. Reeve received a number of pretty and useful presents and a great many postal cards. Among the presents was a beautiful fern, given by the neighbors and the presentation speech was made by C. A. Story to which the recipient responded most graciously.

Mrs. Reeve is the mother of the following children, Henry and William of Los Angeles, Calif.; Obed of Geneva, Ill.; Mrs. O. J. Spauldinger of East St. Louis; Mrs. Edith Stroth of Thayer, Arkansas; John J. Reeve, T. B. Reeve and Mrs. Alexander Smith of Jacksonville. None of the children were able to be present except those living in the city.

### WILL CIRCULATE PETITIONS

While no announcement of the plan to be followed has been announced it is understood that the Jacksonville Railway & Light Co. will soon begin the circulation of petitions among residents asking that the city council proceed to make a contract with that company for street lighting. The petitions it is said will be circulated on the theory that the vote at the bond election declared that the people favored such a contract.

### IS DECATUR RESIDENT

J. W. Miller of Decatur is attending to business in the city and visiting his brother, J. Marshall Miller of West North street. Mr. Miller removed with his family recently to Decatur from the Yazoo delta district of Mississippi, where he yet retains a number of real estate interests. ### PETITION IN BANKRUPTCY.

The Springfield Monument company, one of the largest companies of central Illinois has filed a voluntary petition of bankruptcy in the United States circuit court. The company schedules its liabilities at \$37,406.52, while the assets were placed at \$336,531.72. Failure to collect money on work finished and delivered is given as the cause for the filing of the petition.

### HELD UP GROCERYMAN.

When the C. P. & St. L. passenger and freight trains met recently at Little Indian in the evening, a man, masked with a handkerchief entered the general store of John Asplund, who was alone at the time, ordered him at the point of a gun to keep his hands up while the stranger quietly took the contents of the money drawer, which amounted to \$8.00. It is supposed the robber left on one of the trains.

### MAKE STATEMENT ABOUT MONUMENT COMPANY SUIT

Mr. Rowe Asserts Others Have Been In Full Control of the Business and That He Has Not Had Access To the Books—Believes Audit Will Show Everything Regular.

Officers of the Jacksonville Monument company and their attorneys Messrs. Wilson and Hairgrove yesterday made the following statement with reference to the bill filed in the circuit court directed against F. H. Rowe and others and charging the fraudulent issue and sale of stock and misappropriation of funds.

"The Jacksonville Monument Co., was incorporated in July 1913 with William Raedner as sole manager and he has had the entire control of the business since the incorporation of the company in July last. He has kept the books—made the collections and had the custody of the contracts, and the funds of the company.

"About one week before the annual stockholders meeting called for December 30, he suddenly quit the employ of the company and refused to make any financial report to the officers or stockholders and by reason of his failure to produce the books or make a statement of the company's affairs the annual stockholders meeting had to be adjourned to January 15."

"F. H. Rowe has not had control of the books or funds of the company and the filing of the suit came as a complete surprise to him. Mr. Raedner and Mr. Gustafson have failed to turn over the books or to even give the combination of the vault which they have and which Mr. Rowe does not have."

The attorneys it is understood state the corporation charter and records are regular in every way. The charter of the Monument Co., was issued from the office of the Secretary of State under date of July 12, 1913 and the law it is said was given one year in which to have the same recorded.

Mr. Rowe states that as soon as he can obtain the books and accounts they will be audited by expert accountants and full reports of all transactions made to the stockholders. Every dollar from the sale of stock or otherwise he says has been turned over to the company and deposited to the credit of the company in banks.

Mr. Rowe states his belief that this suit is actuated by certain parties to get control of the company and that when the accounts can be made up the company will be shown to be in good condition.

## ILLINOIS COLLEGE MEETS

MILLIKIN U. FRIDAY

Initial Basketball Game For Local School Will Be Staged Here—Millikin Has Strong Team.

Coach Harmon has three more days in which to get his men in trim for the basketball game here next Friday evening, against Millikin university. News comes from the Millikin camp, that several of the men on the team remained in Decatur, during the vacation and have been putting in some good practice licks.

Coach Ashmore says that he has a fighting team and he is sure they will be heard from before the season closes. Millikin has a number of old men on the team and then they have Catlin and Acker, two star players of the last year basketball team of the Springfield high school.

The local men have been greatly handicapped, not only by the vacation period, with the students away, but from the fact that the men are still working in the gymnasium, wiring it for electricity throughout.

Carpenters have also taken out the stage on the west side, which will give more room for the game. The goals have been suspended from the top of the building and when everything is completed the gym will be in good shape for the season's playing.

The candidates from which the team will be picked for the opening game are Frisbie, Stewart, Brewer, McLaughlin, Pierce, Wilson, Gary and Acheson. Aside from these there are three other teams who have some promising material and it is reported that another good player or two are to enter the college later.

The Illinois intercollegiate conference has just completed a list of certified basketball officials as follows: W. W. Calhoun of Wesleyan; E. L. Webber, of Illinois; R. W. Hoffman of Illinois; D. C. Briggs of Rock Island; Y. M. C. A.; Carl Wise of Decatur; Y. M. C. A.; D. H. Wells of Millikin; Morris Dament of Illinois; Jarvis Clarke of Williams and Vashiti; W. C. Burroughs of Illinois; John Merriman of Illinois; Leo Brown of Millikin; Arthur Miller of Adrian; C. B. Jacobs of Notre Dame; Carl Adams of Ohio State; Thomas O'Neal of Eureka; T. W. Callahan of Knox; R. R. Campbell of W. B. Martin of Kansas; L. A. Pickney of Wheaton and Forest Baird of Redding.

TOURISTS ARE MANY NOW.

Because of a general scarcity of work the country over there are many men traveling through the country out of employment. One night recently twenty of this class were given a place to sleep at the city prison and as many more spent the night in the boiler room at the city pumping station. Chief of Police Davis finds it necessary to occasionally have members of the police force escort parties of tourists outside the city limits and to request them to "keep moving." In many cases the men seem to be honestly endeavoring to secure work, the chief of police dislikes to order them away but it is not a safe thing to have too many of the traveling unemployed in the city. Several instances too have been reported where men requested food at kitchen doors have been impudent when refusals are given.

## STEAMER BALTIC DUE IN NEW YORK PORT ON FRIDAY

Barber's Funeral Party Will Not Reach Jacksonville Earlier Than Sunday Evening—Prominent Pythians Waiting in New York.

A telegram and a letter from Felix E. Farrell who is in New York City awaiting the arrival of Mrs. Charles A. Barnes and the body of her late husband, state that the Baltic will probably arrive Friday. The earliest time the party can reach Jacksonville will be Sunday evening over the Chicago & Alton coming by way of East St. Louis. Mr. Farrell has made arrangements for the shortest possible port delays in receiving the body although some formalities must be carried through to comply with existing laws.

Farrell and Miss Barnes and James Barnes will go by boat to the outer harbor and board the Baltic some time before the passengers are landed.

John J. Reeve together with officers of the Supreme Council Knights of Pythias will meet the funeral party at the wharf and the Pythians will have general charge of the funeral arrangements. In his letter Mr. Farrell mentions that W. E. Crane who was with Judge and Mrs. Barnes in England for some days returned to New York on the Carmania and is now in Chicago.

CLASS PINS RECEIVED.

The class pins and rings of the seniors of the high school were received yesterday and will be distributed today. They are of especial unique design, made in the shape of a diamond of dull gold finish with a heavy bevel, on the bevel being the letters H. S. and 1914. The letter J is found on the raised base of the insignia.

### STATE AUDITOR DEMANDS ADDITIONAL TAX OF 1 C.

Additional Tax For 1913 of \$2,171,723.40 is Demanded of Illinois Central Railroad.

Springfield, Ill., Jan. 6.—James J. Brady, state auditor, today demanded that the Illinois Central Railroad company pay an additional tax for 1913 of \$2,171,723.40. This sum is in addition to the tax of \$1,355,178.98 which the railroad has already paid to the state in 1913 as seven per cent of its gross earnings. The company has been accustomed to pay the state a percentage of its gross earnings in place of a tax assessed for the various taxing bodies throughout the state.

Attorney General Lucey in his statement said that under the company's charter, the auditor is required to list the company's properties; that the company should pay five per cent of its gross receipts to the state, and that "if the state tax for all purposes, which is limited to 75 cents on the \$100 shall not amount to two per cent of the gross income, the company shall pay the difference between the state tax and said two per cent the intent being that the company shall pay at least seven per cent of its gross income, but if the state tax amounts to more than two per cent, the company is obliged to pay the excess to the state."

It is further stated that the increase would be the difference between the two per cent paid in lieu of taxes, and the amount of straight taxation as other corporations are taxed. The differences between those sums would fix the actual increase as asked by the state auditor of \$2,171,723.40.

The total value of the company's property as fixed by the auditor, is \$365,559,917.23 as against \$341,559,617.23. The auditor makes an increase of \$24,000,000 in the company's valuation of its right of way.

### GOVERNMENT'S FINAL POLICY WILL BE ANNOUNCED SOON

Department of Justice and New Haven Railroad Are Expected To Reach Agreement Before Many Hours.

Washington, Jan. 6.—The New York, New Haven & Hartford railroad and the department of justice had reached the point in their negotiations tonight where it practically was certain the final policy of the government toward that road will be announced within the next 48 hours. If the New Haven agrees to a complete re-organization, which will insure the restoration of what the department considers a fair measure of competition in the field of New England transportation it will be allowed to pursue its plans for such a re-organization practically unopposed. If the railroad prefers to fight Attorney General McReynolds will institute proceedings as soon as possible under the anti-trust act, to divorce the New Haven from its steamship, trolley and railroad holdings.

Unofficial predictions tonight favored the peaceful plan and it was the general belief that unless some unforeseen problem arises tomorrow announcement of an agreement would be made during the present week. The confident feeling that the New Haven and the department will arrive at a solution of their difficulties followed an all-day conference between Howard Elliott, chairman of the board of the railroad, Attorney General McReynolds and T. W. Gregory and Jesse C. Adkinson, special assistants to the attorney general in charge of this case. Mr. Elliott announced tonight that he expected to remain in Washington until Thursday and while he will not be in consultation with department officials tomorrow he will be in close touch with the situation and will be called upon to give his views upon any developments. It was said tonight that the negotiations had reached the stage where Mr. Gregory might be expected to pass upon tentative proposals for an agreement which would follow the lines laid down in the "telephone trust" case and which would accomplish the ends desired by the department without resort to court proceedings.

### RECORD AMOUNT IN FEES COLLECTED BY STATE DEPARTMENT

SPRINGFIELD, Ills., Jan. 6.—The year ending February 3rd, 1914 will see a record amount of fees collected by the state department turned into the state treasury. Since February 3rd, 1913, approximately \$1,040,000 has been collected by the secretary of state. The quarter ending December 31st, 1913, broke another record, a total of \$340,000 being collected for that period of which \$50,000 came from automobile licenses.

**COASTER FATALLY HURT.**  
Burlington, Iowa, Jan. 6.—Edwin Sleater was probably fatally injured here tonight when his bob-sled, crashed into a curb. A broken steering gear caused the accident. Theodore Hafner was another victim of a bob-sled accident tonight, suffering a fracture of the leg when his bob-sled collided with another sled.

**AUTOMOBILE OVERTURNS.**  
Hammond, Ind., Jan. 6.—Frank Dudley was killed, Peter Klaasen was fatally hurt and Mrs. E. A. Mee and Mrs. M. Boney badly hurt today when the automobile in which they were returning from a funeral was overturned.

### PLANS FOR PRESIDENTIAL PRIMARIES ARE DISCUSSED

Democratic Leaders At Luncheon in Washington Consider President Wilson's Suggestion.

Washington, Jan. 6.—Plans for putting into effect the presidential preference primary idea, suggested by President Wilson in his recent message to congress were discussed here today by Democratic leaders at a luncheon given by the Common Council club. A plan of state primaries proposed by Joseph W. Folk, solicitor of the state department was supported by other speakers, including Secretaries Redfield and Wilson, Senator Owen, Louis C. Brandeis, Assistant Secretary Hamlin of the treasury department and John Burke treasurer of the United States. A committee with Mr. Folk as chairman was named to draft a plan for a state primary method of nominating presidents. If the committee's report is adopted at the next meeting of the club, it probably will be presented to the meeting in May of the house of governors and the committee will urge congress to adopt legislation necessary to make the plan operative.

The trust method was discussed during the session. Mr. Brandeis insisted that his long advocated method of vigorous prosecution was best, while Secretary Redfield held that the party should not proceed too rapidly in this work for fear it might disturb business conditions. He said the trusts seemed to be beginning to realize that they would have to come into line and that they might be brought under proper control without taking any chances of upsetting general business conditions. Opposition to presidential preference primaries, Mr. Folk told the club, had been due largely to belief that it would "interfere with the rights of the states to regulate and conduct their own elections. For this reason he said he was for the state plan."

"There should be little difficulty," Mr. Folk declared, "in working out such a system and an amendment to the constitution, it seems, would not be required to carry this plan into effect. Congress might by law authorize presidential preference primaries to be held under the laws of the different states as state primaries are now held."

A bill to provide for primary elections at which voters of all parties may choose their nominees for the presidency has been completed by Representative Rucker of Missouri, chairman of the house committee on election of president and vice president to carry out the administration. The measure will be taken up by the committee Tuesday, January 13, and probably immediately afterward reported back to the house and pressed through that body.

Mr. Rucker has conferred with Secretary Bryan and other administration officials and colleagues in congress in preparing his measure. It provides for retaining party conventions only for the purpose of declaring and accepting the results of the primaries and for formulating the platforms of the parties.

### PRESIDENT CONSIDERING PERSONNEL OF RESERVE BOARD

Wilson is Feeling Much Improved and Expects to Return to Washington Greatly Benefitted by Vacation.

Pass Christian, Miss., Jan. 6.—President Wilson worked on a mass of letters and documents today putting in much of his time considering the personnel of the federal reserve board, soon to be selected by him. Notwithstanding the understanding among members of congress that they will make no recommendations to the president for members of the board many other persons have written the executive. It is not believed Mr. Wilson has yet gone beyond the drafting of a tentative list which he will go over with his cabinet advisers in Washington before making final selections.

The president is doing work each day. He told Representative Harison of this district, who chatted with him at the golf links today, that he felt better than ever and expected to go back to Washington greatly benefited by his vacation here.

As Mr. Wilson rode back to his cottage after the golf game, school children lined up along the road and waved little American flags. The president ordered his motor to slow down and waved his cap to the children. Of the many invitations that have been extended the president during his visit here, principally for receptions and entertainments, he has declined all but one. This came today from Gulfport Volunteer Hook and Ladder company No. 1. It invited Mr. Wilson to become an honorary member of the company in view of his services in saving the home of Judge Nevill from destruction by fire two weeks ago.

The president wrote Alford Stockdale, secretary of the fire company the following letter of acceptance:

"It will give me great pleasure to accept honorary membership in the Gulfport Volunteer Hook and Ladder Co. No. 1, and I thank the company which so kindly elected me. Will you not express to them my appreciation."

**FOUND HOUSE ON FIRE.**  
The Methodist parsonage at Murrayville, occupied by Rev. McCullough was found on fire yesterday by Ray Carlson, as he was passing the premises. He gave an alarm and others who helped to put out the flames caught from the fire were Clyde Fanning and Charles Riggs.

**FORMER SPEAKER BETTER.**  
Danville, Ill., Jan. 6.—Former Speaker Joseph G. Cannon, who has been suffering from a bad cold for several days, has almost completely recovered.

### HINEBAUGH SEES BRIGHT OUTLOOK FOR PROGRESSIVES

Chairman Announces Chances In Coming Campaign Are Bright For Progressive Party.

Washington, Jan. 6.—Representative Hinebaugh of Illinois chairman of the progressive congressional committee, issued a statement tonight giving excerpts from reports of national committeemen and state chairmen and announcing that "our chances for a red hot fight in the coming campaign are exceedingly bright." He claimed an even chance of winning Maine next fall; the possible election of a Progressive successor to the late Representative Pepper of Iowa, Democrat and thorough organization in Illinois with Progressive state, county and congressional tickets. Other claims were: Massachusetts—Will carry several congressional districts.

North Dakota—Working to obtain county organization and the response most encouraging and the only stand-patters are the office holders and their political relatives.

Pennsylvania—Very thoroughly organized.

Delaware—Progressives intend to prosecute a Progressive campaign in every county this fall.

Michigan—Full Progressive tickets all along the line.

California—Should be a Progressive congressional candidate in every district.

Vermont—We have more than an even chance of carrying at least three congressional districts.

## NEWS NOTES OF THE FARM

On Chicago Market Monday—George Wright, Ashland, Ill., sold two loads of steers on the Chicago market Monday at \$8.60.

Experts To Discuss Hog Cholera—Iowa swine breeders will have an opportunity to hear a discussion of hog cholera by experts of the university when they go to the short course of the Iowa State College Jan. 9.

Endorses Trap Nests—Mrs. R. D. Barner of Normal has thoroughly tested trap nests for her hens and speaks very highly of them. The great value in trap nesting is that you know which hens to kill and which to save.

Need Alfalfa and Silage—To maintain mature sheep in good condition through the winter Prof. W. C. Coffey of the University of Illinois prescribes the feeding of about 1½ pounds of alfalfa hay and 2 to 2½ pounds of silage per head per day.

Expert Advocates Duck Raising—Prof. D. O. Barto of the poultry department of the University of Illinois asserts White Pekin ducks are money makers in this section of the state. They should be marketed when ten weeks old and should then weigh from 8 to 10 pounds.

Many Horses Dying—It is reported in southern Illinois papers that hundreds of horses are dying in the neighborhood of Carmi. It is thought that the cause is the feeding of immature corn which is poisonous. The veterinarians are doing everything in their power to stop it.

Hog Butchers Busy—Mysterious butchers in the vicinity of Macomb are causing the farmers of that section much anxiety. Parties of thieves are in the habit of going among the herds of hogs belonging to farmers, slaughtering one of the animals in the lot and carrying the carcass away for their own use. Only one animal is killed from each herd.

Law Will Not Bar Feeding She Stock—A blank form of permit has been placed in the hands of the transportation companies which when properly filled out by the shippers of female cattle for feeding purposes only, will facilitate the handling of these animals as expeditiously as in times prior to the enforcement of the new regulation requiring the tuberculin test for female cattle.

## RAILROAD NOTES.

The Burlington is placing in service a new series of engines even larger and stronger than the 5000 series which are now pulling the big coal trains. The new ones are numbered, beginning with 6000 and are indeed monsters. One passed through the city yesterday in the lead of a large coal train which it drew along with ease.

Along the side track of the Alton is a lot of walnut logs destined first for St. Louis and from that place they will go by water to New Orleans and on to Europe.

Freight business is rather quiet at present but the managers are hoping it will soon look up.

## At the Car Shops.

The round house is pretty well emptied at present most of the engines having gone to the machine shop or out on the road.

Just now the pneumatic riveting machine is making itself heard right lively in the round house.

Engines 26 and 33 now have the roundhouse to themselves with the exception of a few leaders.

John Develin is at his place in the machine shop store room after an illness of a few days.

In the machine shop are engines 2, 24, 41, 54 and 61 undergoing repairs in general.

In the boiler shop No. 57 holds the boards all alone.

Engine 24 is fast getting into shape and will soon be out of the shops if all goes well.

In the blacksmith shop Dan Mahoney has returned to work after an illness of several days.

Clay Corbridge of the blacksmith shop is among the sick ones.

Ed Tucker, helper in the boiler shop, is back after being sick for a while.

Fred Osterholt has recovered from a recent illness sufficient to enable him to return to the boiler shop.

Clarence Edwards of the bridge works has been employed in the boiler shop.

William Quinlan has returned to his job in the boiler shop after an illness of a few days.

Engine No. 6 was sent down from Pekin for some light repairs Sunday and went back yesterday.

Government boiler inspector Breed recently visited the shops and pronounced everything in good condition.

Engine No. 56 has been sent in for a general overhauling.

A new roof is being placed on the coach shop by the carpenter gang and it will soon be in good condition.

The repairs on the building have stimulated the men within and the shops generally present an improved appearance.

### Men Welcome Mother's Friend

A Duty that Every Man Owe to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to childbearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted; and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradford Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend today.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

SEVERE BRONCHIAL COUGH

Doctors Feared Lung Trouble, Restored to Health by Vinol

"The medical profession does not believe that lung troubles are hereditary, but a person may inherit a weakness or tendency to them."

Mrs. Kate Heckman, Springfield, Ohio, says: "A few years ago I was in a very bad run-down condition, and the physician told me I had ulcers on my right lung. I quit the physicians and started on 'Vinol.' Today I am perfectly healthy, and that is why I recommend 'Vinol.'"

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Lee P. Alcott, Jacksonville, Ill.

P. S.—For any skin trouble try our Saxo Salve. We guarantee it.

### WILLS ON RECORD PROVIDE FOR PROPERTY DISTRIBUTION

Large Number of Instruments Filed Recently—Terms of Several Vary From Usual Forms.

Several wills have recently been filed in the office of C. A. Boruff, county clerk and are awaiting the usual routine of action in the probate court.

Chester A. Seymour, whose will was drawn December 4, 1913, left his entire estate to his wife and his two sons, Henry R. and Howard R., each to have one third interest. Scott Tranberger is named as executor and the will was witnessed by J. R. Seymour, C. E. Crisswell and G. W. Seymour.

Three to Fix Realty Values.

The will of the late George Austiff is somewhat unusual in its provisions. Provision is made for the payment of debts and the personal estate is to be divided among the children of the deceased, who are Carrie Dodd, Edgar P. Austiff, Vernon Austiff, Della Austiff, Susan Austiff and Grace Eldridge. The executor of the estate, who are H. G. Keplinger and Joseph Austiff, are to divide the proceeds among the children after allowance has been made for the needs and maintenance of the wife of the testator. At the expiration of three years the executors are to choose three disinterested persons who will appraise the realty and apportion the same among the children, each child to have the proceeds from the portion of the estate, so set aside, for life, and at the death of the said child, the property will descend to their heirs. It is stipulated, however, that during the lifetime of Mrs. Austiff, her maintenance is to be a charge against the entire estate, and the division of earnings is to be made only after her wants have been supplied. The witnesses to the signature of the will are M. B. Keplinger and F. T. Miller.

In the will of Christopher Rufus, which was drawn May 7, 1902, the testator bequeathed his entire property to his wife, Augusta Rufus, who is named executrix of the estate, R. M. Hockenbush and C. A. Johnson are the witnesses to the signature.

Left Large Family.

James D. Pike's will was made September 16, 1912, and was signed in the presence of J. H. Hubbs and D. H. Lockett. The executors of the will are C. R. Pike and Louis Caldwell. After providing for debts and funeral expenses the deceased bequeathed \$1 each to his twelve children, who are, James Johnson, W. A. Pike, C. R. Pike, Thomas E. Pike, Cina Wilcox, Frances Caldwell, Mary Johnson, Elizabeth Berndt, John, Albert, James and Edward Pike. All the rest of the property real and personal, was bequeathed to Mrs. Mary Pike, wife of the deceased. The will provides further that upon the death of Mrs. Pike, C. R. Pike and Louis Caldwell, as trustees, shall manage the property and pay the incomes and profits annually to Edward Pike during his life, and at his death to deliver the same to his heirs at law.

Will of Dr. Vertrees.

Section 10 of the will of Dr. C. M. Vertrees, which bears the date of March 5, 1910, and was witnessed by C. K. Millon and Harry Cade, provides that the following paragraph be inserted in the local (Murrayville) paper as soon after his death as practicable:

"It is my last will that my thanks and appreciation be extended to my friends for all past favors and friendships, and I wish them all God speed."

The will first provides that all interests of the deceased in the home place, house, furnishings and appurtenances shall go to his wife, Amelia Vertrees, in fee simple. The executors are to use their own discretion as to the disposition of the office building, drugs, surgical instruments, books and fixtures and other personal property. The will provides that whatever remains of the estate after the death of his wife the same shall revert to his daughter, Mrs. Sadie A. Kennedy of St. Louis and her heirs.

Section 8 requests that Dr. G. W. Miller of Woodson preach the funeral of the deceased in the Presbyterian church at Murrayville and that the funeral expenses should not exceed \$50. James E. Osborne of Murrayville and Mrs. Sadie A. Kennedy of St. Louis are named as executors to serve without bond. In a codicil to the will, bearing the date of May 1910 Dr. Vertrees revoked the part of his will which limited the funeral expenses to \$50.

REAL ESTATE TRANSFERS.

Your Liver is Full of Bile; Bowels Clogged, Stomach Sour, Tongue Coated, Breath Bad.

Get a 10-cent box now.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.—Adv.

## This is the Season of the Year When Every

## Clothing House will be Bidding for Your Trade

Which are you going to be, all things, to say the least, being equal, the "tailor-to-order" or the "ready-made" man? You know our reputation for doing exactly as we agree. Now, here is what we propose to do:

## We Will Give You \$5.00 for Your Old Suit

Or we will give you five dollars for your old overcoat, or ten dollars for both. Nothing reserved. All goods go in at the recent sale prices and you gain the "five" extra. We don't raise prices so as to lower them again.

For as little as fifteen to twenty dollars you will be able to obtain a high grade, all wool, latest pattern, tailored to your measure, guaranteed suit or overcoat, that under ordinary circumstances would cost you nearly double. You no longer have to wear the more or less ill-fitting ready made clothes from a desire to economize. If you wear ready made garments from now on it will be solely because you want to.

We want you to give this proposition your most careful investigation. We guarantee to you that it is on the square, but we want to afford you every opportunity to prove that it is so. Our woollens will be spread out before you in such a manner that you can see from the whole piece how they will look when made up. You can examine them in any manner you desire. We give you our positive guarantee that you will be delighted. We have sold to pleased patrons more than one hundred and twenty-five suits during the past four weeks. We are determined that more than ever the people of this community shall know us and our fair and square methods of dealing, and know that they can at all times wear tailored-to-measure clothing for the same price, and often less than they would pay for inferior clothes that were factory made for anybody.

Every garment made on our own premises. We employ a large force. Every dollar stays at home. Our guarantee of satisfaction is positive. No detail slighted

## ERUPTION LIKE RINGWORM ON FACE

Covered with Watery Blisters, Itched and Burned Terribly. Little Rest at Night. Cuticura Soap and Ointment Entirely Cured.

Lock Box 35, Maurice, Ia.—"In the spring of 1911 our little daughter, age five years, had a breaking out on her lip and part of her cheek that we took for ringworm. It resembled a large ringworm, only it differed in that it was covered with watery blisters that itched and burned terribly, made worse by her scratching it. Then the blisters would break through and let out a watery substance. She was very cross and fretful while she had it and had very little rest at night. When the eruption was at its worst the teacher of the school sent her home and would not allow her to attend until the disfigurement of her face was gone.

"We tried to kill it by applying but without result. It would seem to get better and then broke out again. I then wrote and received a sample of Cuticura Soap and Ointment. We washed the sore with the Cuticura Soap and applied the Cuticura Ointment and they gave instant relief, so we bought some more. It gradually grew better. We kept on using Cuticura Soap and Ointment and in three or four months the child was entirely cured."

**Home Talent Minstrel.**  
The home talent minstrel given for the benefit of the Presbyterian church at the opera house Tuesday night was well patronized, the receipts being \$111.55. The entertainment was quite a success, giving general satisfaction. One of the most pleasing features of the minstrel was the "Short quartet," whose singing was the hit of the evening. This alone was well worth the price of the show. They are the children of Mr. and Mrs. Charles R. Short of Murrayville, and are certainly talented, the youngest being but seven years old the oldest only fifteen years. Should they return to Winchester a large audience would greet them.—Winchester Times.

**FALLING HAIR MEANS DANDRUFF IS ACTIVE**

Save your hair! Get a 25 cent bottle of Danderuff right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderuff tonight—now—any time will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderuff from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Adv.

## INTERESTS OF CAPITAL AND LABOR DISCUSSED

FURNISHED THEME FOR SUNDAY SERMON BY REV. W. E. SPOONTS.

Minister Took Broad View on Great Question Presenting High Ideals For All Classes of Society—Church Has Definite Relation to Problem.

At Northminster church Sunday night the pastor, Rev. Walter E. Spoonst, preached on the very absorbing theme of "Capital and Labor." In the large audience present there were many members of labor organizations of the city. The minister was heard with closest attention as he held up high ideals for not only capital and labor but for the church as well. The sermon in the main part was as follows:

"If one subject dominates the minds of men at this time more than the commercial trust it is the labor question, likewise called 'trust.' The question is asked how we shall stop the wasteful warfare between labor and capital. In discussing any vital subject we must revert to history for a stepping stone, and I think of no higher authority than the Bible. Let us build our castle on this rock of safety rather than on the shifting sands of selfishness which have undermined and disturbed the peace of families as well as nations. Harmony in this transitory life should be our goal, peace at any price consistent with the rights of our neighbor should mark the sign post of everyday life. It is said that life is a lottery, that marriage is a failure, that the great majority of people in business go to the wall; it seems to be largely true and I think because we do not co-operate in our dealings with each other and render to Caesar the things that are the Lord's. It is a hard world because we make it such, and have put ambition of self in place of neighbor."

"It is more blessed to give than to receive," to visit the sick and imprisoned asking no questions is he black or white, but one of ourselves. The late Mark Hanna once stated that there were no trusts, and then again said that there were good and bad trusts, but he did not ask you one question, to trust one another.

**Origin of Unions.**  
"Labor unions are the natural outcome of capital combinations which as employers of labor, seek to obtain its services at the least possible cost—money has no soul."

As a consequence the workers for self preservation, have banded together that they may enforce legitimate and living wages. At no time in the history of America has there appeared an occasion for unionism of labor than at present, when the money of the country has been concentrated in the control of a handful of men, and which in too many instances has been obtained by straining the law, to an extent which even threatens the safety of the government itself. The working men have a good reason to demand better wages when through the instrumentality of the vicious trust system the cost of almost everything they put on their tables and backs have been forced up to almost prohibitory prices, particularly the cost of meat, which for the laborer is a most important article of diet. Though it is true that wages generally are higher than a few years ago, the cost of living has risen out of all proportion, the natural and constant demand for better remuneration. So long however as the voters persist in enslaving themselves to an economic system which can produce no better results, the wage question will continue to be a thorn in the body politic.

Labor unions are as much a necessity for the preservation of the toilers as are banking institutions for the care of money, as church organizations are indispensable for centralizing the principles which Christ taught and which underlies all other methods of right living. Is the labor union wrong, is the so termed capitalist a scoundrel, is the church a stumbling block, because of black sheep which creep into all these and as many more societies as exist? As well call nature a failure because every acre in the broad expanse of the world does not produce wheat.

Weed out the tares when the harvest is ripe, but don't pull down the whole temple of good to doing so, and use your weapon, the sword of justice.

**Removing the Tares.**  
"Remove the tares which have been sown in the labor pasture and in society at large, put men in their legislatures and in Congress who will conserve your rights, and see that the laws are justly enforced, laws that will enable the worker and producer to receive the full share of that which he produces. Place in the hands of the people all of the necessities of life which a beneficent Creator has given us as land and coal mines, the free waters, the oil fields, the right of way over our great country, and in the broadest sense let the people possess their own, and once more become a government of the people and for the people."

"The working man's vote counts as much as the millionaire's, use this ballot wisely, but above all do your own thinking, and if you need advice—which you will—ask it from the man who has not an eye on your pocket-book. Render unto Caesar a value for which you have agreed and find not fault with the master when you agreed for a penny a day.

The times seem to demand perhaps more than ever before the re-incarnation of the spirit of Christ among all classes of society who have sought to worship the Golden Calf rather than seeking the rights of others. Educate this generation to study from our own history the lives of men after the just of Ab-

raham Lincoln, Jefferson and so many other noted patriots, and we will have photographs worthy of emulation. Men who lived and fought for all the rights which we, as citizens, have today. Men who suffered many harsh criticisms, perhaps having in mind the sentiment of the following lines: 'Must Jesus bear the cross alone, And all the world go free? No! there's a cross for every one, And there's a cross for me. It is the way the Master trod, Shall not the servants tread it still? These few lines convey no shallow meaning, but demonstrate to individuals a truth which is the every day experience of life, that in following the precepts which conscience dictate we have got to sacrifice self, and friends too as well.

"Work is healthy under healthy conditions which ought to be obtained about every home, but our present commercial system breaks up home, when child-life competes against the father. Labor unions oppose this practice very naturally and so should all society, make it possible for boys and girls to remain such as long as they can, they will get old quick enough without forcing them, which is done in the factories where children have to work along-side of grown-up people.

"Let employer and employee get closer together and not imagine that because you are paying wages that you have performed all of your duty. Get alongside of him, ask him how he is doing, how his family is, and make yourself and him believe that wages are not a stone wall between men of the same flesh and blood. Can the Church stand for Organized Labor?"

In the church's approach to labor, we must frankly face the problems of the poor. On this point there can be no evasion and no compromise. Christ did not try to get away from the questions that were being asked by the people. He did not always answer these questions to their satisfaction, because of their prejudice and their preconceived ideas, but He never failed to lay down the principles which He would apply to the case under discussion. And this must be the attitude of the church towards the social questions of the day. What then should be the position of the church with regard to organized labor? Shall the church, and particularly the minister, accept all the principles for which the trades union is contending, in order to 'make good' with labor? Must the church always stand with organized labor in its fight for the union shop, the boycott, the minimum wage, the shorter work-day?

"We may set it down as a fundamental principle that the church cannot advocate any economic system, no matter what it may be.

However, when the working man is making a fight for better living conditions a living wage, and a square deal in every other particular, he has a right to insist that the church shall come out clearly and specifically and take its stand with him in the struggle. The church must stand with organized labor in its contention for conditions which every unprejudiced person must recognize as just and fair, but the approval of the church of the methods whereby these conditions are to be obtained should be given only when they are lawful and moral.

"But here the church cannot afford to stop at this point of passing resolutions. It should seek in every practicable way by agitation and by influence on public sentiment and on civic legislation, to improve the conditions of the toilers. It is too late in the day for the church to declare that it 'has nothing to do with man's bare backs and empty stomachs'—that its mission is purely the salvation of men's souls. If the church does not care for men's bodies, which it has seen, how can it care for men's souls, which it has not seen?"

**My Creed.**  
For me as man who works, I believe in my job. It may not be a very important job, but it is mine. Furthermore, it is God's job for me. He has a purpose in my life with reference to His plan for the world's progress. No other fellow can take my place. It isn't a big place, to be sure, but for years I have been moulded in a peculiar way to fill a peculiar niche in the world's work. I could take no other man's place. He has the same claim as a specialist that I make for myself. Yes, I believe in my job. May I be kept true to the task which lies before me—true to myself, and to God who entrusted me with it.

"I believe in my fellow being. He may not always agree with me I'd feel sorry for him if he did, because I, myself, do not believe some of the things that were absolutely sure in my own mind a dozen years ago. May he never lose faith in himself, because if he does, he may lose faith in me, and that would hurt him more than it would hurt me."

I believe in my church. It is the most powerful institution in the world. It isn't perfect because it is made up of ordinary mortals like myself. But, however dark the ages, it has always been the whitest light in history. I believe in my church because it is made up of those who are bound together for the purpose of organically trying to bring more cheer and gladness to thousands of burdened hearts.

"I believe in my home. It isn't a rich home. It wouldn't satisfy many folks, but it contains jewels which cannot be purchased in the markets of the world. When I enter the world with its care, I am a lord. Its motto is service. Its reward is love. There is no other spot in all the world which fills its place, and heaven can be only a larger home, with a Father who is all-wise and patient and tender.

"I believe in my country. I believe in it because it is made up of my fellow men—and myself. I can't go back on either of us, and be true to my creed. If it isn't the best country in the world, it is partly because I am not the kind of a man that I should be.

"I believe in today. It is a day that I possess. The past is of value only

as it can make life fuller and freer. There is no assurance of tomorrow. I must make good today.

## STOP CATARRH

Unless Properly Treated With Hyomei This Disease May Become Serious.

If you have catarrh, usually indicated by sniffing, stopped up head, droppings in throat, watery eyes, and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow the dangerous germs which may be breathed into the nose, throat and lungs to begin the destruction of your health. The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei—all druggists sell it. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei Inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

The unusual way in which Hyomei is sold dispels all doubts as to its curative properties. Money refunded to anyone whom Hyomei fails to benefit. A complete outfit, including inhaler and bottle of liquid, costs but \$1.00.—Adv.

## UNION PACIFIC WILL DISTRIBUTE B. & O. HOLDINGS

Wall Street Regards Action as  
Further Proof of Desire of  
Big Business to Conform  
with Views of Federal Ad-  
ministration.

NEW YORK, Jan. 6.—The feature  
of today's stock market was the an-  
nouncement at midday of Union  
Pacific's intention to distribute its  
holdings of Baltimore & Ohio shares  
in the form of a stock dividend ap-  
proximating 33 per cent.

Coincident with this, however, it  
was also stated that the dividend so  
declared would be offset by a reduc-  
tion in the regular Union Pacific di-  
vidend from 10 to 8 per cent. There  
was considerable excitement and vi-  
olent fluctuations in Union Pacific  
and Baltimore & Ohio issues, the former  
advancing smartly and the latter de-  
clining correspondingly. In fact Bal-  
timore & Ohio attained its lowest  
level in some years. Although the  
Union Pacific executive committee  
assigned no reason for the Baltimore  
& Ohio distribution at this particu-  
lar time Wall street chose to regard  
their action as further proof of the  
desire of big business to conform  
with the views of the federal admin-  
istration. The list as a whole was  
strong for the greater part of the  
session opening gains in the more  
speculative issues extending from 1  
to 2 points. Towards the end of the  
morning session, however, prices  
yielded in most quarters and busi-  
ness fell away. In the final dealings  
the activity of the first hour was re-  
sumed to the accompaniment of a  
wider buying movement in which all  
the more seasoned specialties partici-  
pated. Baltimore & Ohio shares were the  
only notable exceptions the common  
and preferred losing 3 and 2 1/2 points  
respectively.

London and the continent were  
decided factors in the day's fairly  
large operations buying for foreign  
account chiefly Union Pacific, South-  
ern Pacific and United States steel  
being estimated at fully \$25,000  
shares.

Offerings of time money were  
scarce with rates unchanged. Call  
money was in light demand and  
commercial paper was under recent  
quotations.

## JESS WILLARD FACES TRIAL.

Los Angeles, Cal., Jan. 6.—The cases of Jess Willard, the heavy-weight pugilist, and ten others who are accused of alleged violation of the state law prohibiting prize-fighting are on the superior court docket for trial tomorrow. All of the accused were connected with the Jess Willard John "Bull" Young bout at Vernon last August, in which Young was fatally injured.

## IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF ILLINOIS.

**Southern Division.** Orrin D. Bleakley, trustee, plaintiff, vs. The Jacksonville Water Works Company and others, defendants, in equity.

Notice is hereby given that in pursuance of and by virtue of a decree of this court dated the 26th day of November, A. D. 1913 and made and entered on or about that date in the above entitled cause, I, the undersigned, Master in Chancery of this court, will sell at public sale to the highest bidder upon the terms in said decree and hereinafter stated at the Power House of The Jacksonville Water Company near the Village of Bluffs in the County of Scott and State of Illinois upon the mortgaged premises hereinafter described on Friday, the 30th day of January, A. D. 1914, at the hour of three o'clock in the afternoon of that day, as for entirety and as one property and not in separate parcels, and in the manner hereinafter directed, the mortgaged plant, premises, franchises and property described in said decree and the deed of trust therein mentioned as follows:

"All and singular the property of The Jacksonville Water Works Company, its mains extending through the streets of said City of Jacksonville, Illinois, and also its twenty-inch main extending in a westerly direction through the Counties of Morgan and Scott to a point West of the Town of Bluffs in the last mentioned County and about eighteen miles, more or less, west of the City of Jacksonville aforesaid, and all the branch mains or pipes extending in any direction from said twenty-inch main and the pumping stations, reservoirs, stand pipes, service pipes, meters, boilers, engines, station houses, shops, buildings, structures, erections, fixtures and appurtenances of every kind and description thereunto belonging or in any wise appertaining, together with all the real estate now owned or which may hereafter be acquired by the said Company at the Town of its mains or along the line thereof or elsewhere, and also all property, either real, personal or mixed, now owned or which may hereafter be acquired by the said Company, together with all its franchises, rights of way, rights and privileges, and all its tolls, water rents, earnings and income and all of the estate, right, title, interest, property, possession, claim or demand, as well in law as in equity, of the said Company in and to the same and to every part and parcel thereof with the appurtenances."

Also, the following described real estate: Beginning at a rock thirty-five (35) feet and four (4) inches South of the North West corner of the North East quarter of section seventeen (17), in Township Fifteen (15) North and Range Thirteen (13) West of the Third Principal Meridian, which said Rock is upon the South line of the right of way of the Wabash Railway Company, running thence South Twelve (12) chains to a Stone; thence East eight (8) chains and thirty-three and one-third (33 1/3) links to a Stone; thence North Eleven (11) chains and seventy-five links; thence East Thirty-one (31) chains and ninety and two-thirds (90 2/3) links; thence North twenty-five (25) links; thence West forty (40) chains and Twenty-four (24) links to the place of beginning, containing Ten and Eight-tenths (10 8/10) acres, situated in the County of Scott and State of Illinois; and also an option to purchase at any time prior to the 20th day of July, 1915, at the price of \$150.00 per acre, the following described real estate:

The East half of the North West Quarter of Section Seventeen (17), Township Fifteen (15) North, Range Thirteen (13) West of the Third Principal Meridian, in Scott County, Illinois; and the West half of the Northwest Quarter of said Section Seventeen (17), except that part thereof conveyed by the said Henry Oakes and wife to the said The Jacksonville Water Works Company by deed dated July 15, A. D. 1905, which said deed conveyed about ten and eight-tenths (10 8/10) acres of said last described tract of land.

Such sale will be made by the undersigned in accordance with the rules and practice of this Court and upon the following terms and conditions, to-wit: The Plaintiff, or any person interested in said premises, may become a purchaser at said sale which shall be made to the highest bidder for cash, except that for the remainder of the amount of the bid of the bidder to whom said mortgaged plant, premises and property shall be struck off upon the said sale over and above an amount sufficient to pay the costs of this suit and all allowances made by said decree the undersigned will accept in lieu of cash, bonds and overdue coupons secured by the said mortgage, or deed of trust, in said decree mentioned, each of such bonds and coupons to be received as the equivalent of such sum as the holder thereof would be entitled to receive in case the entire amount of such bid were paid in cash. Upon the completion and confirmation of any sale made under and in pursuance of the said decree, the undersigned, Master in Chancery, will execute and deliver to the purchaser or purchasers of the said mortgaged plant, premises, franchises and property a good and sufficient deed of conveyance thereof. Said sale shall not be subject to redemption.

Walter McCallan Allen, Master in Chancery, Worthington, Reeve & Green, Attorneys for Plaintiff.

### MRS. W. S. BADGER ENTERTAINS CLUB AT MID-WINTER PICNIC

First Regular Open Meeting of East Side Tuesday Club Observed in Unique Manner.

One of the most novel and at the same time delightful social events of the mid-winter season was the first annual open meeting of the East Side Tuesday Club yesterday evening at the home of Mrs. W. S. Badger, 702 West College street. Over sixty members of the club and friends were present and the success of the event, which partook of the nature of a real picnic with the disagreeable summer features left out, led a number of the members to decide that the custom shall become a permanent one.

The meeting was opened by the president's greeting. Mrs. George Hocking, the chief executive, expressed her appreciation of the work of the club and the number of members and friends who had called for this event.

After the short talk by the president, the guests adjourned to the dining room where they found the table laden with an appetizing array of good things arranged for serving cafeteria fashion. The menu included sandwiches, salad, Boston baked beans, pickles, escalloped oysters, ice cream and cake, coffee and home made candy.

After the repast some excellent music was furnished by Miss Myrtle Larimore, Miss Jesse Wharton and Mrs. Edgar Masters. A pleasant hour was spent socially and the guests adjourned with an unanimous vote for the continuance each year of the "mid-winter picnic."

### STOCKHOLDERS FILE SUIT CHARGING DECEPTION

Suit Is Filed by Stockholders of the Jacksonville Monument Company Against Fred H. Rowe and Others—Incorporation Papers Filed.

Suit was filed Tuesday in the office of the circuit clerk by the stockholders of the Jacksonville Monument company, Alvin H. Schumacher et al vs. Fred H. Rowe, Richard Y. Rowe, Grover Cleveland Rockwood.

The papers filed set forth that the defendants in suit have not filed papers of incorporation for the Jacksonville Monument company, and further allege that a pretended scheme of incorporation has been carried out and that the defendants claim to have the right to buy and sell stock. The suit is primarily a suit for an accounting of the company's business.

Ask For Receiver.  
The prayer of the complainants is that a receiver be immediately appointed for the Jacksonville Monument Co.; that the defendants be made to pay these complainants each the respective sums alleged to have been wrongfully obtained; and that the defendants be restrained from further interfering in the said monument company's business.

Papers of incorporation were filed in the office of the circuit clerk by the Jacksonville Monument Co. Let-ter of incorporation was issued to Fred H. Rowe, Richard Y. Rowe, H. G. Rockwood, William Raedner, and R. Y. Rowe.

Articles of incorporation were issued for the manufacture and sale of monuments and cemetery work of all kinds and the manufacture and sale of stone work for monuments. Capital stock \$20,000. Each share \$10. Number of shares, 2,000. For 93 years. F. H. Rowe holds \$12,000 worth of shares; Oscar Gustafson \$1,000; Martha Bevans \$500; H. G. Rockwood, \$100; C. Y. Rowe, \$100; and Richard Y. Rowe, \$10.

### Claim No Election Held.

The complainants, Herbert Schumacher, Carrie Schumacher, Alvin H. Schumacher, Chris Lovkamp, Jr., Val Hahling, Albert Bartenheim, Oscar Gustafson, Henry Weckman, William J. Schumacher, H. Witte, Sr., George Dahman, Henry Schnitker, William Niestradt and Theodore Heilman, allege that in 1912 the monument business of Fred H. Rowe was made the basis of an incorporation and that the defendants proceeded to incorporate the Jacksonville Monument company. The complainants allege that although they were sold large blocks of stock by the defendants, articles of incorporation have not been issued from the office of the secretary of state, that letters of incorporation have not been filed in the recorder's office in Morgan county and that no election has ever been held.

Charge Books Were Withheld.  
The complainants also allege that Fred H. Rowe claims to be the president of the firm, that Richard Y. Rowe claims to be the treasurer and that one of the complainants, Oscar Gustafson, is the secretary, but has never been permitted to serve as such officer, has never been given possession of the books of the company or permitted to see them. They further set forth that the defendants have carried out a pretended scheme of incorporation and claim to have the right to issue and sell stock, which is claimed to be fraudulently done.

It is also alleged by the complainants that the defendants have stated to William Raedner that he was general manager of the Jacksonville Monument company and that they told Oscar Gustafson that he was the manager of the company and they assert that as neither of these men know anything of the affairs of the company they could not act in their respective capacities.

WITH THE NEW YEAR You may contemplate a new banking connection. THE FARMERS STATE BANK AND TRUST COMPANY will welcome your account and invites you to talk with its officers.

### COMING TO THE GRAND.

All the world loves to laugh, yet once in a while you will find a human being who has a "grouch" and wouldn't laugh if it was to save his life. If there is such a person in town, he should go to see "Stop Thief" when that play is presented at the Grand Opera house, Monday, Jan. 12, and we guarantee he will laugh his head off. No human being could witness this new farce without enjoying many a hearty laugh. When the play was first produced at the Gaiety theatre, New York, the audience and also the hardened dramatic critics began to laugh three minutes after the curtain went up on the first act, and they continued to laugh for the balance of the evening.

Even Alan Dale, considered the most hardened critic in New York, acknowledged in the New York Journal that he never laughed so much in one night before. The ridiculous situations in the play convulse an audience, and that it what makes a play a success. The same company will be seen here now playing at the Shubert, St. Louis.

WILL WED TODAY.  
The marriage of Miss Altha Roberts of this city and Mr. Grover Simmons of Virginia will take place at the home of the bride's mother, Mrs. Ella Roberts of 331 West Court street this morning at 9:30, with the Rev. Clyde Darsie, pastor of Central Christian church, officiating.

ANNUAL ROLL CALL.  
The annual roll call of the Congregational church will be held this evening in the prayer meeting room at 7:30. Every member that cannot be present, is earnestly requested to send a message.

Oliver S. Green, with Walter Brothers, U. S. Yards, Chicago, reports Monday, Jan. 6:  
Cattle—23,000.  
Hogs—43,000.  
Sheep—33,000.  
A steady to firm market for fat cattle. Aside from the lower grade of killing cattle that did not get quite as free action as last Friday. Good to choice handy and strong weights in good demand. High finished steers wanted and buyers finding no fault for such. Choice to prime 1200 pounds up to over 1700 pounds, \$9.00 to \$9.25, and a two car lot averaging 1565 at \$9.35. A big proportion of the well fattened heavy weights, \$8.60 to \$8.90 and \$8.50 secured fairly good 1250 to 1400 pound steers. Short feds, \$7.80 to \$8.20, with tailings down to \$7.25 and lower. Butcher stock generally steady, with good kinds strong to higher. Bulls full steady. Calves unchanged. Stockers and feeders steady to 10c higher.  
Fat cows, \$4.65 to \$7.50.  
Canners and cutters, \$3.40 to \$4.60.  
Heifers, \$5.40 to \$8.50.  
Bulls, \$5.25 to \$7.25.  
Fancy yearlings up to \$8.00.  
Inferior heavy calves to good vealers, \$4.50 to \$10.75.  
Choice to fancy vealers, \$11.00 to \$11.50.  
Inferior stockers to good feeders, \$5.15 to \$7.10.  
Selected, from light to good weights, \$7.15 to \$7.50.  
The moderate run of hogs sold 10c higher than Saturday's average, with sales averaging \$8.24. Pigs, 15 to 25c higher.  
Mixed packing, \$8.00 to \$8.20.  
Medium and butchers, \$8.20 to \$8.27 1/2.

Heavy packing, \$7.95 to \$8.25.  
Rough, heavy throw-outs, \$7.65 to \$7.95.  
Light weights, \$7.90 to \$8.17 1/2.  
Select packing and shipping, \$8.20 to \$8.37 1/2.  
Pigs and throw-outs, \$2.00 to \$8.60.  
Sheep and lambs full steady.  
Native lambs, \$6.50 to \$8.25.  
Fed western wethers, \$4.25 to \$6.10.  
Fed western ewes, \$4.00 to \$5.65.  
Native ewes, \$2.35 to \$5.50.  
Fed native yearlings, \$5.50 to \$6.95.

mission men say that the fact that corn is a little cheaper than a month ago, and weather continues ideal for putting on gains, may distribute receipts at the markets more evenly than if the incentive for liquidating was extreme, in which case the good healthy, rising market on fed cattle should continue through this month.

### HEAVY RAINS CAUSE

#### LAND SLIDE IN FRISCO

Cottages on Hill Are Being Gradually Carried Down Steep Slopes on Crest of Slide.

San Francisco, Cal., Jan. 6.—Seven cottages on a hill in the mission district are being slowly carried down a steep slope tonight on the crest of a great V-shaped landslide. Heavy rains are supposed to have started the slide.  
Occupants of the houses have fled.

Gas and water pipes and sewers have been broken and in one cottage the breaking of the connections permitted gas to escape and three children of J. D. Townsend were partially overcome by the fumes.

The sides of the triangle mass of earth, which began to move Sunday night are clearly marked by a fissure at one point nine feet deep. Fear is felt for two score of homes within the possible path of the slide and many of the dwellers have moved to the homes of neighbors.

### ESTABLISHES NEW RECORD.

San Francisco, Cal., Jan. 6.—According to advices received here Power of the Boston Athletic Association and Templeton of the San Francisco Olympic club, members of the All-American track team broke records today in the meet being held in Wellington, N. Z. Power established a new record in the 880 yard run, time 1:58.

Templeton broke the New Zealand and Australian pole vault record, leaping 11 feet and two inches. Templeton broke his pole at this height and was unable to continue for a better mark.

### GOVERNOR FERRIS

#### SPENDS BUSY DAY

(Continued From Page One)

ing. In the evening he said, he intends to have an "absolute conference."

#### May Request General Strike.

Chicago, Jan. 6.—The executive committee of the western federation of miners here tonight decided should the efforts of Governor Ferris prove unsuccessful to send a delegation to the meeting of Michigan Federation of Labor next week at Lansing with the request that a general strike be called in sympathy with the miners out in the Calumet district. Such a request would be referred to the individual organizations of the Michigan federation for action.

The committee also decided to send C. E. Mahoney vice-president of the Western Federation to Washington to ask for a congressional investigation of conditions in the Northern Michigan strike region. Mahoney will also endeavor to have the annual meeting of the American Federation held at Calumet instead of at Washington.

Before he retired Mr. Moyer said he was pleased at the activity of Governor Ferris.

"If the governor had shown the same interest five months ago, the strike would be over," Mr. Moyer said.

Mr. Moyer retired early tonight and said the wound he received when deported from Hancock was paining him more than for several days. He intimated that he expected to be called to Calumet during Governor Ferris' presence there in order to give his story of the deportation. Mr. Moyer said he believed he was well enough to stand the trip.

#### Arrangements For Investigation.

Chicago, Jan. 6.—The national socialist party today arranged for an investigation of the copper miners' strike in Michigan. A special committee composed of Victor Berger, Charles Edward Russell and Seymour Steadman was named by the national executive committee of the party to visit the strike region and make an investigation in behalf of the party. The committee will report on conditions but will make no recommendations.

#### County Officials are Quizzed.

Houghton, Mich., Jan. 6.—Officials of Keweenaw county spent a bad hour with the governor. The state executive drew out that Sheriff John H. Epling and James A. Hamilton, prosecuting attorney had not always been in harmony, the prosecutor stating that he never had been consulted on any strike matter and that no cases arising from arrests had been called to his attention. The governor also drew from the prosecutor the fact that the latter had made application for membership in the Western Federation of Miners and paid \$3 to that organization. The official said he

never had joined and didn't consider himself a member. He refused to make public his reasons for sending in the application and was given the privilege of explaining to the governor in private. The state executive finally brought out that after January 12th, the troops might be sent home. Russell Smith, superintendent of the Apameek mine and a member of the county board though they could cope with the situation after that date.

#### No Thorough Search Made.

Sheriff Houghton admitted no very thorough search was made for weapons and dynamite in his jurisdiction. Every house almost contained a shotgun or rifle because of the good hunting in that section, he said. Dynamite was not found in any of his investigations.

As a basis for future consideration of the strike situation in the northern part of the district the governor obtained these figures today.

Mine.	Normal	Present	Imp.
Mohawk	900	167	0
Apameek	820	290	107
Allouez	350	160	52
Wolverine	500	141	0
N. Kearsarge	450	130	0
S. Kearsarge	255	220	60

The last three mines are in Houghton county but so close to the county boundaries that the six constitute a district group. The properties named have caused the mine operators considerable anxiety and it was only after work had been resumed in practically all other producing mines of the copper country that any attempt was made to open up the northern properties.

While the governor met no representatives of the Western Federation of Miners today he made an appointment for an interview with O. N. Hilton, Claude O. Taylor and James R. Roach for tomorrow. These men probably will be followed by delegations from local unions.

It was learned tonight that a telegram was sent to James MacNaughton, general manager of the Calumet and Hecla company requesting him to return from his vacation in Boston.

### BAKER COUNTY COURTS WILL DECIDE OREGON CONTROVERSY

Court Will Decide Gov. West's Right to Maintain Martial Law in Copperfield.

Baker City, Ore., Jan. 6.—The controversy between Governor West of Oregon and the civil courts over the governor's right to maintain martial law in Copperfield, where he ousted the city officials and closed the saloons because of alleged violations of ordinances regulating the sale of liquor, will be decided in the courts of Baker county.

Governor West through his legal representative agreed today to appear in court January 10th in response to the restraining order issued against further alleged usurpation of the powers of the Copperfield authorities. In spite of the governor's defiance of the restraining order no citations for contempt were issued either for him or for the officers of the state guard who now are in control of the town of Copperfield. Governor West today warned the district, sheriff and district attorney of Baker county not to attempt the arrest of the militiamen, citing the provision of the statutes which exempts national guardsmen from arrest by civil authorities while performing military duty.

**WINNIPEG REPORT DOUBTED.**  
Vancouver, B. C., Jan. 6.—The report from Winnipeg that seventy five workmen on the Grand Trunk Pacific perished in a drowning accident in Northern British Columbia in November is doubted here. In ones and twos and even threes, a number of drownings of railway workmen were reported in the north during the high water of early summer, but in November the waters of the Frazer are at their lowest point of the year.

**DUNHAM CHOSEN CAPTAIN.**  
Bloomington, Ill., Jan. 6.—Claremont Dunham, of Atlanta, Ill., for three years quarterback on the Illinois Wesleyan football team, today was elected captain for 1914.

### KNIGHTS OF COLUMBUS DONORS TO THE CATHOLIC UNIVERSITY

Money Collected During Last Four Years Will be Used to Establish Fifty Lay Scholarship.

Baltimore, Md., Jan. 6.—Cardinal Gibbons was today presented with \$500,000 in first mortgage bonds, the gift of the Knights of Columbus of the United States to the Catholic University at Washington. Nearly every national officer of the Catholic laymen's organization and a number of distinguished clergymen were at the presentation ceremony which took place in the Cardinal's residence. The money was collected during the last four years and will be used for the establishment of fifty lay scholarships at the university.

Edward H. Doyle of Detroit, chairman of the fund committee in presenting the gift to the cardinal said that his committee would recommend that the Knights raise another fund of \$100,000 for the erection of a suitable dormitory to house the scholarship students.

James A. Flaherty of New Haven, Conn., addressing the Cardinal said that the endowment was the offering of 300,000 Knights of Columbus in the cause of education "and as some evidence of their love for the order's first and greatest friend and benefactor in the person of your eminence."

Cardinal Gibbons responded feelingly in an address of acceptance, thanking the givers in the name of the Holy See and his colleagues on the board of trustees of the university.

### CONCLUDE BUSY DAY.

Lincoln, Neb., Jan. 6.—Secretary of State William Jennings Bryan, concluded a busy day here with a speech tonight at the annual banquet of the Lincoln Commercial Club. Arriving shortly before noon from Topeka, Kan., Mr. Bryan met with the Lincoln Y. M. C. A. directors of which he is a member. At his newspaper office Mr. Bryan was in conference for a considerable time with political leaders who discussed the question of patronage. Mr. Bryan disclaimed any authority to make promises in the way of patronage so far as his home state is concerned.

### CANDIDATES REPORT.

Cambridge, Mass., Jan. 6.—Nineteen battery candidates for the Harvard baseball team reported for training in the gymnasium today. Among them were two of the football regulars, Brickley and Hitchcock.

### LICENSES ARE REVOKED.

Chicago, Jan. 6.—Licenses of four employment agencies were revoked here today by the Illinois Board of Labor commissioners. The board is considering nineteen additional cases of employment agencies against which charges have been made.
